States the grounds on which the grant-in-aid to Miss Mallard's School a d increase to the present grant to the W. Mg. Girls School, Nagarta Peta, Bangalore, were recommended

Owing to the expenditure in which the Administration is gradually becoming involved I would submit that it is absolutely necessary to curtail expenditure on higher class education I believe the expenditure on grants in aid given to Petty Institutions is far larger in Bangalore than anywhere else I submit that the present application should be negatived in both cases

I have not forgotten Director's remarks on head of Accts

Rutland's School - As regards the increased grant applied for for the W. Mg Girls School a further report is required when the Inspection of the School in connection with the number of pupils and income & expenditure is made
